»Typhoon« type

MAX |||

Art. No. 114445

Type No. 29 K-KD

Exemplary illustration

Steplessly adjustable, lightweight and ergonomically optimised high-volume blow gun with exceptionally high blowing power. The »Typhoon« model, which achieves approximately three times the blowing power of conventional guns, rests comfortably and securely in the hand even when full pressure is applied. Extension tubes can be supplied for blowing out inaccessible points.

In combination with safety nozzles, this blow gun meets a wide range of safety requirements.
