

## Low noise round nozzle

for universal applications

Art. No. 114471

Type No. 30.202

Exemplary illustration

If correctly designed, these noise-reducing nozzles guarantee a lower noise level than conventional one-hole types with an identical blowing force.

The use of noise-reducing nozzles is recommended by the German BGIA (Institute for Occupational Safety and Health).

### Technical data

|                    |                        |
|--------------------|------------------------|
| Nozzle type        | low-noise round nozzle |
| Thread             | G 3/8 ET               |
| Material           | aluminium              |
| Length             | 50.0 mm                |
| Nozzles-exterior Ø | 10 mm                  |
