

# Low noise flat nozzle

for universal applications

Art. No. 114482

Type No. 30.405

Exemplary illustration

If correctly designed, these noise-reducing nozzles guarantee a lower noise level than conventional one-hole types with an identical blowing force.

The use of noise-reducing nozzles is recommended by the German BGIA (Institute for Occupational Safety and Health).

## Technical data

|              |                       |
|--------------|-----------------------|
| Nozzle type  | low-noise flat nozzle |
| Thread       | G 3/8 ET              |
| Material     | nickel-plated brass   |
| Length       | 100.0 mm              |
| Nozzle width | 29.0 mm               |

## Commercial data

|                         |                    |
|-------------------------|--------------------|
| Customs tariff number   | 84819000           |
| Country of origin       | DE                 |
| eCl@ss 5.1.4            | 27299225           |
| eCl@ss 9.0              | 27299225           |
| UNSPSC_Code_v190501     | 27131502           |
| UNSPSC_CodeDesc_v190501 | Compressed air gun |

## Material informations

|                            |                         |
|----------------------------|-------------------------|
| REACH SVHC1 substance name | lead                    |
| CAS no. SVHC 1             | 7439-92-1               |
| RoHS materials notice      | RoHS compliant          |
| REACH Info                 | contains SVHC substance |
